

LOWRANCE CONFERENCE 2009

## ESCA'S WINNING CATCH

It was great excitement for Jannie Nel of Nels Marine recently, when he hooked a 194kg Marlin in a bad south-westerly on the first day of the Mapelane Billfish competition. He won the prize for the day of R12000.

He made good use of his Lowrance HDS8 fish finder and his winning fish was caught using one of the brand new Esca lures!

This annual event, held from April 24 - 29, attracted 100 anglers who had to endure terrible weather conditions for most of the week. They were vying for great prizes in this "carry over" contest which cash is won each day.

While Jannie was awarded a trophy for the biggest catch of the week.

Overall very few fish were caught except for some Tuna
